EDUCATION

ATSS CBSCA, Pune
B.Sc. Computer Science

MAY 2021 - JUNE 2024

CGPA – 7. 98

OBJECTIVE

Dedicated with a strong background in computer science and hands-on experience in data annotation, machine learning, and e-commerce. Seeking to leverage analytical skills and knowledge in project management to contribute to the success of the organization.

SKILLS

Technical Skills: HTML, CSS, JavaScript, Bootstrap, Java, SQL, Python, TensorFlow, OpenCV, MySQL, Data Networks, CCNA

Data Analytics: Power BI, Advanced Excel, Data Visualization, Data Annotation, Machine Learning, Root Cause Analysis

Soft Skills: Strong Analytical Skills, Attention to Detail, Effective Communication, Time Management, Problem-Solving

Tools & Technologies: Microsoft Office Suite, Workflow Tools, Project Management Software, SDLC, Software Development, CISCO Packet Tracing.

INTERNSHIPS

Accenture North America Data Analytics and Visualization Job Simulation on Forage – March 2024

- I completed a simulation focused on advising a hypothetical social media client as a data analyst at Accenture.
- Reporting Cleaned, modeled, extracted, and analyzed 7 datasets to uncover insights into content trends to inform strategic decisions to make up to 25% of the profit.
- Prepared a PowerPoint deck and video presentation to communicate key insights for the client and internal stakeholders and interact with people.

EXPERIENCE

Junior Software Engineer – Oct 2024(Ongoing)

- Contributed to the design, development, and maintenance of software solutions using Python, SQL, and front-end technologies.
- Participated in Agile sprints, collaborating with cross-functional teams to deliver high-quality, client-specific applications.
- Assisted in debugging, troubleshooting, and optimizing existing systems to improve performance and user experience.
- Engaged in code reviews and automated testing, ensuring adherence to best practices and software reliability.
- Provided ongoing technical support and documentation for deployed applications, ensuring operational excellence.

PROJECTS

1. Arunndhati World Pvt. Ltd.

JULY 2024

Website Development – URL: <https://www.arunndhatiworld.com>

- Developed a full-stack travel agency website (<https://www.arunndhatiworld.com>) using HTML, CSS, JavaScript, PHP, and MySQL.
- Ensured high-quality data management and annotation processes for website content, adhering to best practices and SOPs.
- Contributed to operational excellence by implementing responsive design for optimal viewing across devices, enhancing user experience and engagement.
- Managed database systems for secure and efficient handling of user data and content updates.

2. Criminal Face Detection

APR 2024

- Developed a Python-based criminal face detection system utilizing OpenCV and TensorFlow, emphasizing accuracy and reliability in facial recognition.
- Applied advanced machine learning algorithms to enhance detection accuracy, supporting AI-driven security solutions.
- Conducted thorough data processing, ensuring security and integrity of the criminal database.

3. Data Analytics

JUN 2025

- Executed data-driven projects using Power BI, advanced Excel, and MySQL to deliver actionable insights.
- Created interactive dashboards and reports, enabling real-time data visualization and informed decision-making.
- Analyzed data trends and patterns, translating them into meaningful rules and recommendations.
- Developed 10+ highly integrated dashboards using Power BI on large datasets.

KEY ACHIEVEMENTS

1. Successfully developed and launched a responsive, dynamic website for a travel agency, resulting in improved user engagement.
2. Enhanced the accuracy of a criminal face detection system through the implementation of machine learning algorithms.
3. Delivered data insights that led to improved business strategies and stakeholder engagement.

Certifications

1. AI Tools Workshop – Growthfai
 2. Specialization in Tableau And Data Analytics – Jobaaj learning
 3. Data Analytics And Job Simulation – Accenture North America
